

Pet Memorial Program

Honor the Memory of a Special Friend.

The Pet Memorial Program is a way to honor beloved pets, and to offer comfort to others who have lost a companion and friend.

When you give to the Pet Memorial Program:

- We send the pet owner a personalized letter of condolence acknowledging the donation.
- We invite pet owners to post a photo and story about their pet on our website.
- We help pet owners notify their family and friends that a memorial has been established.

A gift to the Pet Memorial Program supports:

- Future veterinarians, through student scholarships.
- Medical research that will benefit both animals and humans.
- The highest level of treatment for our animal patients.
